SUPPLEMENTAL BRIEF

NOT HAVE TO SAY ANY MORE

The Petitioner points out that the Respondent has waived a reply unless ordered and therefore all facts and law should be accepted as true and correct. The Petitioner should not have to say any more.

The Petitioner also points out that the steal from Asian, Mid-Eastern and White people and men crowd keep trying to change their story so the Petitioner has held back information and points.

The Petitioner also points out that the waived response appears to be politicians trying to hide behind judges.

NEW ACTIONS

A. PREFERENCES, QUOTAS, STEALING

The Petitioner has read of recent job and contract quota actions that even include coercing preferences (threat of cancelled contracts) and

stealing from people, called "inclusion", with the Financial Reform legislation. This, from what the Petitioner has read, was pushed by a Democratic Party Congresswoman and the Urban League (an African-American special interest group).

There have been many cases where they have been told such actions create pressure to hire minorities and women and are unconstitutional. This is just the same game over and over, try something, then try something else. There is always something, just like they tried to eliminate the SAT's, years ago.

And, this is just the usual policy (which is the issue, election rigging) of arbitrary pushing of quotas and preferences to steal from decent hardworking people by the Democrats.

The Petitioner again, as mentioned in the Petition, points out "patchwork" and many other points, and "outright racial balancing. It rests upon the "completely unrealistic" assumption that minorities will choose a particular trade in lockstep proportion to their representation in the population." (City of Richmond v. Croson Co. 488 U.S. 469, 507).

B. THE PETITIONER

The Petitioner also mentions he has found a website that lists government contract opportunities (www.merx.com, click on "English", and then click on the "U.S. Tenders" tab) and which would also allow the Petitioner to access potential sub-contractors and partners.

The Petitioner has also recently attended a political Campaign Manager Training session and again mentions his political party.

Dated September 17, 2010.

Respectfully submitted,
